

MetroX × HOLLOW KNIGHT

Lines that end in one of the areas containing the blank lines give negative points, unless they end at a bench (). Completing a line gives Geo (), as per the table below. The two destinations give a base amount, and each area visited gives bonus points. Each combination of destinations can only be scored in one direction. Blank lines are filled in with the pattern of the line you are using, and each blank line can only hold one line.

Unofficial Fan Work. v.01
